Beneficiaries & Volunteers Speak

"I am a mason and had my own work. Since the lockdown was announced, I wasn't able to go to my native place in Andhra Pradesh & got stuck in Bhubaneswar. I don't have work now & with no source of income, I have been surviving on food from Indian Red Cross. I want to thank them for feeding me."

Mohan Ray, a beneficiary from Odisha

"I have been working for needy patients since the corona crisis has started. Whenever I receive information of someone being in need, I help them travel from their home to Gazole or Malda Hospital on my bike & also deliver medicines at their doorstep. I am very glad that I am contributing in the fight against covid19."
